Message from the President

Dear CAFS Family:

The IFT Annual Meeting is just around the corner, so is CAFS Annual Meeting & Banquet. The Executive Committee is working diligently to make sure we have a successful meeting. I would like to extend my warm invitation to all of our members and friends to join us for a memorable time in Chicago. This year CAFS Annual Meeting & Banquet will be held on Monday, July 19 from 5:30 - 9:00 pm at Phoenix Restaurant in Chicago Chinatown.

We will have distinguished honors to welcome Dr. Joseph Jen as our keynote speaker at the Banquet. Dr. Jen is one of the founding members of CAFS and served as CAFS President in 1977-1978. "CAFS was established 35 years ago in a Chinese restaurant in Chicago Chinatown. It will be historical for CAFS to revisit the Chicago Chinatown again." Dr. Jen is a widely recognized agricultural scientist and educator, with experience in both the public and private sectors. His speech is entitled "challenging glass ceiling".

I would like to express my congratulations to our newly elected CAFS officers - Dr. Yi-Cheng Su as President-Elect, Mr. Guangwei Huang as Secretary, and Drs. Xuotong Fan and Hang Xiao as Executive Committee Directors. I am thankful for their enthusiasm to serve. CAFS is always proud of having such strong supports from the members, as we are depending entirely on the volunteerism. We will have an on-site Executive Committee meeting at IFT international lounge, Monday, July 19 from 12:00-1:30 pm. You are welcome to come to meet with CAFS officers and convey your ideas with us.

Finally a few reminders, the deadline for CAFS Award Nominations/Applications has been extended to June 27, 2010. I am requesting your help to identify deserving members and students to be recognized for their outstanding services and achievements.

Phi Tau Sigma - President's Message

Dr. Yao-wen Huang, President (2008-10)

My Dear Fellow Members:

Phi Tau Sigma has a history of more than a half-century. Our organization is the honorary society for food scientists and food technologists. Today, we are entering a new era that will allow us to continue establishing a stronger formal relationship with IFT.

After two years of actively working on a committee with Roger Clemens, Daniel Fung, John Bruhn and led by past-president Daryl Lund, a proposal that we developed was adopted by the IFT Board of Directors in 2009. While Phi Tau Sigma has been structurally reorganized, I want to assure you that our society will keep the original purpose of enhancing professionalism in food science. Moreover, our fundamental objectives of recognizing and honoring professional achievements of food scientists and technologists; encouraging the application of fundamental scientific principles to food science and technology in each of its branches; stimulating the exchange of scientific knowledge through meetings, lectures, and publications; and promoting exclusively charitable, scientific, literary and educational programs will continue.

In order to assist each chapter revitalize activities, I have appointed Daryl Lund to chair the Nominations Committee responsible for nominating the officers and executive committee members for this upcoming year. I believe that Phi Tau Sigma can only become a stronger society through the commitment from our members. I sincerely thank Juan Silva for his seventeen years of great service to the society as Executive Secretary. I also want to thank the members of the IFT staff for their support, especially Patti Pagliuco (IFT Central Leader) and Kristen D. Flesch (IFT Program Manager, Membership) for their considerable dedication in migrating the Phi Tau Sigma website to the communities section of ift.org.

I am excited about many upcoming events. This year, Phi Tau Sigma will again join with the IFT Student Association to sponsor the Undergraduate Research Competition during the IFT Annual Meeting & Food Expo® in Chicago. We look forward to seeing you at the Phi Tau Sigma awards ceremony on **Tuesday, July 20, 2010 from 4:30-5:30PM, Hyatt McCormick Place (Regency Ballroom A).**
